MINI BIO

PhD Researcher in Transnational Governance at Scuola Normale Superiore and Scuola Superiore Sant’Anna, Florence. With over a decade of experience in agrarian development, he served as State Coordinator for Brazil’s National Land Credit Program (PNCF) and as an analyst for the São Paulo Land Institute (ITESP). His academic expertise in International Political Economy and environmental policy is supported by a master’s in international relations from the Graduate Program in International Relations San Tiago Dantas (Unesp, Unicamp, PUC-SP), Brazil, and fellowships at the German Institute of Development and Sustainability (IDOS) and at the University of Münster. He is a member of the European Consortium for Political Research (ECPR).

RESEARCH INTERESTS

Substantive: environmental politics, transnational governance, foreign policy, critical political economy

Methodological: process tracing, case studies strategy, computational text analysis
